I don't have a motorsport résumé. Why do I need this?

It's quite normal to not have a motorsport résumé; Many of the BMW Race Driver Series' existing members don't have one. However, much like a job application, a motorsport résumé is your opportunity to tell us who you are, what you are interested in and why you want to pursue a motorsport scholarship. It is a brief, yet formal document which you can use to market yourself within the realm of motorsport, and this is an excellent reason to write one. It need not be more than a single page and you're welcome to include a photograph of yourself if you like, but this is not necessary.

When does the racing season start?

The BMW Race Driver Series 2022-2023 season starts 24th September 2022, the first round being "Icebreaker" at Hampton Downs Motorsport Park. The full 2022-2023 calendar is in the final stages of being confirmed and will be uploaded to our website very soon at www.bmwraceseries.co.nz.

Where can I buy lunch on the day?

While endorsed hospitality traders do operate at Hampton Downs Motorsport Park, the BMW Race Driver Series Scholarship Event is an exclusive event for which on-site hospitality is not guaranteed by Hampton Downs Motorsport Park.

There is a local café within walking distance of Hampton Downs Motorsport Park. However, the Scholarship Event schedule is not conducive to leaving site during the allocated lunch session. We recommend you arrive with a prepared lunch.
